General rules

Three fundamental rules in Japan (according to an interview on Prof. Masashi Haneda)

- ルールを守る / Follow the rules.
- 人に迷惑をかけない / Avoid to trouble others.
- 空気を読む (KY) / Read between the lines (Direct translation: Read the atmosphere).

Be on time

- **Speakers** shall arrive 10 minutes before to prepare the meeting (open the door, prepare the projector, air conditioner, light, curtain, tables, chairs, etc).
- **Non-speakers** arrive 5 minutes before. You can help the speakers in preparation.
- Gonna to be **late**? Send an email to ML before the seminar. If you are going to be **absent**, please inform Prof. Zhao at least one day before.
- Reply an email in the same day you received it. If you cannot reply, then reply (in the same day) with statement when you will reply.

How to research

- [How to start](#)
- **(Must)** Find the literature from high-quality databases Web of Science and SCOPUS (Google scholar is considered a low-quality database). See <https://www.kulib.kyoto-u.ac.jp/erdb/13505> for how to access those paid service.
- **(Must)** Use a reference management software instead of manual management. If you don't know which one is the best, try [Zotero](#).
- **(Must)** Use docker with Linux for reproducibility of your research. You may find more information from [this guide](#).

- 美国教授写给被开除的中国学生的信 (中文, Chinese) <https://m.jjl.cn/case/218000.html>
- Use latex instead of Word for professional writing. You can [learn latex in 30 minutes](#) and/or use [Overleaf](#).
- Use Linux instead of Windows/Mac OS for professional works. I personally like [Linux Mint](#) (MATE edition) but of course other distributions or editions are also OK. You may consider to use dual boot (Linux + Windows/Mac OS) for better experience.

On paper and slides

- **Paper** should follow the format for QE (see a template in LaTeX). It can be incomplete but should be prepared carefully. Please submit the source file (or a compressed archive if there are more than two source files) and a PDF.
- **Presentation file** contains the slides. If you modified the slides after uploading, please re-upload it again.
- Uploading is done by Media Manager. Please name your file as date-name-filetype.ext such as 20170410-liangz-slides.pdf.
- Put time & event information in your presentation.
- Add citations of the information (even in the presentation file) that are not your own works.
- Analyze or demonstrate how your research is related to what you introduced and why your research may help.

Paper/Document writing and submitting

- Step 1: Try a free English Grammar Check (**Please submit your document after this check**): <https://www.grammarly.com>
- Step 2: Try a free translation service (**Please use this service if you are not sure about your English**): <https://www.deepl.com/translator>
- (NEW) Step 3: Try to refine your article with chatGPT (<https://chat.openai.com> → ask it to refine an article).
- Always submit documents **one day before the deadline**, since you may miss it due to some unexpected happening on the deadline day.
- If you need Prof. Zhao to review a document for you, please contact his at least three days before the deadline.

Official language

- The official languages are English **and** Japanese.

Your personal namespace

- Create a personal namespace **user:yourname** (e.g., user:liang) and put all your documents (paper, slides, other files) in that namespace by the Media Manager. See [an illustration](#).

Appointment with Prof. Zhao

- Usually please ask for an appointment one week before (two weeks preferred)

- For recommendation letter, please try to provide a draft first one week before the deadline.

Misc

- Please fill the [様式-2_面談実施記録書.docx](#) after a meeting with supervisors. I will finalize and submit it to the office.
