Hello members of FWI,

I am writing you to share some important information.

First, I have decided not to accept Chinese student for this year except for those who already has had my offer. This decision has already been posted to the homepage of our website.

Second, please read carefully the "Public information at FWI". I want to make it sure that everyone understand and follow Japanese rules (even if you may have different opinions), especially international students as the proverb says, "When in Rome, do as the Romans do."

Third, I strongly ask everyone to focus on research when you are with this group. Here is Kyoto University, a place famous for the quality of research. This is especially important to international students as you need to do better than average Japanese students in order to get respect from the Japanese society.

For the last issue, I plan to put more efforts in supervising your research and will ask you follow my suggestions strictly in doing research (unless you do better than me). Roughly speaking, to get the PhD degree in 5 years (from the first year of master course), I consider usually students needs to work 8 hours (or 4 hours if you have a lot of lectures) a day. This include Saturdays and weekdays in the Summer/Winter/Spring vacations.

Public information at FWI

Schedule

- 2026 Academic Calendar of GSAIS & Kyoto U.
- [Group meetings in 2026](#)
- [Personal discussion with Prof. Zhao in 2026](#)

Discussion report (NEW)

- Every time before and after a discussion with Prof. Zhao (including both group meetings and personal discussion), please fill this
report
(

Explanation in English

).

Lab rules (since Jan 2026, last-updated on Jan, 10th & Mar 24, 2026)

1. Core time: 10am-5pm from Mon to Fri (in campus, except for holidays)
2. Tea/coffee time: 3pm-4pm on Mon & Wed (except for holidays)
3. Group meeting: 1:15pm-4:15pm (max) Fri (except for holidays) → See the [schedule](#).

General rules

Three fundamental rules in Japan (according to an interview on Prof. Masashi Haneda)

- ルールを守る / Follow the rules.
- 人に迷惑をかけない / Avoid to trouble others.
- 空気を読む (KY) / Read between the lines (Direct translation: Read the atmosphere).

Be on time

- **Speakers** shall arrive 10 minutes before to prepare the meeting (open the door, prepare the projector, air conditioner, light, curtain, tables, chairs, etc).
- **Non-speakers** arrive 5 minutes before. You can help the speakers in preparation.
- Gonna to be **late**? Send an email to ML before the seminar. If you are going to be **absent**, please inform Prof. Zhao at least one day before.
- Reply an email in the same day you received it. If you cannot reply, then reply (in the same day) with statement when you will reply.

My advice to Chinese students

Hints in doing research

- [How to start](#)
- **(Must)** Find the literature from high-quality databases Web of Science and SCOPUS (Google scholar is considered a low-quality database). See <https://www.kulib.kyoto-u.ac.jp/erdb/13505> for how to access those paid service.
- How to write business email in Japanese <https://tech.nikkeibp.co.jp/atcl/nxt/column/18/00667/032800002/> (ask ChatGPT etc.)
- How to write a research paper: ~~~~ <https://aw.gsais.kyoto-u.ac.jp/research/template-of-a-research-paper> ~~~~ (ask ChatGPT etc.)
- How to do research (in Chinese) https://mp.weixin.qq.com/s/85pGxXidvCDXgM9_S73WYQ
- 美国教授写给被开除的中国学生的信 (中文, Chinese) <https://m.jjl.cn/case/218000.html>

On paper and slides

- **Paper** should follow the format for QE (see a template in LaTeX). It can be incomplete but should be prepared carefully. Please submit the source file (or a compressed archive if there are

more than two source files) and a PDF.

- **Presentation file** contains the slides. If you modified the slides after uploading, please re-upload it again.
- Uploading is done by Media Manager. Please name your file as date-name-filetype.ext such as 20170410-liangz-slides.pdf.
- Put time, event information, slide numbers in your presentation.
- Add citations of the information (even in the presentation file) that are not your own works.
- Analyze or demonstrate how your research is related to what you introduced and why your research may help.
- Always submit documents **one day before the deadline**, since you may miss it due to some unexpected happening on the deadline day.

Meet Prof. Zhao

- Ask for an appointment one week before (two weeks preferred) except for urgent matters
- For recommendation letter, prepare a draft first then ask one week before the deadline.
- For reviewing a document, contact at least three days before the deadline.

Convenient tools

- (MUST) How to find the reputation of a conference or a journal: [JCR](#), [SCIMAGO](#), [CORE Conf](#), [ivySci](#) (CCF rank included)
- (MUST) Reference management software, e.g., [Zotero](#).
- (MUST) Use docker with Linux for reproducibility of your research. Read [this tutorial](#).
- Convert documents between various formats → [pandoc](#)
- [Use of the computer in Room 017](#)
- You can create a personal namespace **user:yourname** (e.g., user:liang) and put all your documents (paper, slides, other files) in that namespace by the Media Manager. See [an illustration](#).
- Use Linux instead of Windows/Mac OS for professional works. I like [Linux Mint](#) (MATE edition) and dual boot Linux + Windows/Mac OS.
- Use latex instead of Word for professional writing. You can [learn latex in 30 minutes](#) and/or use [Overleaf](#).
